Sir,
Subject: Application for grant of connectivity for 100MW Solar Power Project in Putlur Mandal, Anantapur District, AP

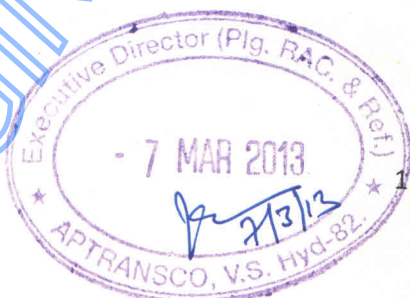

NNR is committed to AP State Government through MOU signed in January 2012 during Investment Summit at Hyderabad, to setup Solar Power Projects with an investment of Rs.2,000/- Crores. To fulfill that commitment, NNR acquired around 600 acres of land in Anantapur District and applied for conversion (for around 509 acres) in September 2012. NNR also signed MOU to acquire around 800 acres of land in Mahaboobnagar District and the process is expected to be completed in next few months.

NNR is intended to complete the installation for first 50MW by September 2013 and next 50MW by March 2014. All the required documents are attached and necessary processing fee is paid. NNR is also ready to provide any other documents or information needed and more than happy to answer any other queries.

It would be greatly appreciated if you could process our application as soon as possible and give necessary permissions.
